Experience

Information Technology Contractor
BTawaifi LTD
Jun 2020 - Present (5 months +)
Providing Professional ON DEMAND Tech support, Tutoring, Software, Hardware, System Analysis, Web Development and CG Design Solutions.

Information Technology Consultant
SYRIAC ORTHODOX PATRIARCHATE OF ANTIOCH AND ALL THE EAST IN N AMER
Jan 2017 - Feb 2020 (3 years 2 months)
I worked along with a highly skilled team to develop the underlying database infrastructure for the operation of food and financial aid distribution, i created software solutions like 'Excel To VCF Converter' to allow us to create mobile contacts from excel documents in order to send sms messages in mass quantities, also by studying the interaction between the distributor and the receiver new system design and database changes were put in place to facilitate ease of distribution which also facilitated an increase in the number of distributors operating at the same time which in turn madSkillse the distribution faster we were easily able to serve aid to 1000+ people under one hour with only 10 distributors.
